\*For each 100 gr

## BENEFITS

### Quick Energy Source:

 It contains natural sugars (glucose and fructose) that can provide quick energy, useful for physical activities or as an energy boost.

### Antioxidants:

 Cacao mucilage contains antioxidant compounds that can help combat oxidative stress and reduce inflammation.

### Sugar Substitute:

 It can be used as a natural sweetener in some preparations, reducing the need for added sugars.

## HOW TO PRESERVE POWDER

- The product has a **humidity** content of less than **3%**. To preserve it, the product must be completely **sealed** to prevent ambient humidity from entering and damaging it.
